Malta

Malta is an archipelago in the centre of the Mediterranean Sea. It is a nation dotted with historical sites related to a succession of rulers including the Romans, Moors, Knights of Saint John, French and British. It has numerous fortresses, megalithic temples and the Hypogeum dating to circa 4000 B.C.

Malta is the largest island and the cultural, commercial and administrative centre. The island offers plenty of specialist activities both at sea and on land varying from learning English or a new skill, to discovering its history or getting fit. And if this were not enough, Malta's two sister islands, Gozo and Comino, can be a pleasant change-of-scene or alternative destinations in themselves.

Malta is a republic island whose strong ties with the United Kingdom, having formed part of the British colony, is a Member of the Commonwealth of Nations. Malta has been a member of the European Union since 2004 and it later also joined the Eurozone in 2008.

Start Your Journey to Permanent Residency in Malta with a Temporary Residence Permit

Eligibility

Prospective applicants of the Malta Permanent Residence Programme (MPRP), including eligible dependants, may apply for a 1-year Temporary Residence Permit.

This permit allows applicants to reside in Malta while completing the full MPRP application process.

Validity and Conditions

The Temporary Residence Permit is valid for 12 months. It provides the necessary time to compile and submit all required documentation for permanent residency.

MPRP Applications Submission Deadline

Applicants must submit the complete MPRP application pack within six months of receiving the temporary permit.

Process Flow

1. Power of Attorney

The application process begins with the Main Applicant signing a Power of Attorney to authorise the licensed agent to act on his/her behalf.

2. Compilation of Application Documents

The licenced agent guides the Main Applicant and assists him/her with the compilation of the required documents to complete the Application Pack. A couple of the main required documents required at this stage include:

- a lease or purchase agreement for a property in Malta;
- a health insurance cover that provides coverage for medical risks in Malta and the Schengen Area, with a minimum coverage amount of €100,000.

3. Biometric Data Capturing Appointment & Submission of the Application Pack

The agent schedules the biometric data capturing appointment, attends the appointment alongside the applicant, and submits the complete Application Pack — including all required documents — for official review and biometric data collection.

4. Processing and Collection of Residency Cards

Residency cards are processed within approximately four weeks and must be collected in person by the applicant or the licensed agent.

The Main Applicant must pay an initial administrative fee of €15,000 at the time of the biometric appointment, with proof of payment required. An additional fee of €100 applies to each temporary residence card and must also be paid during the biometric data capture.
