At CLA Malta, building your success is not just our priority.
It's our passion.

CLA Global

CLA Global Limited (CLA Global) was founded by CliftonLarsonAllen LLP and S&W.

The organisation offers one of the largest financial outsourcing services and private client and wealth advisory platforms of any global accounting organisation. Moreover, it hosts a culture of diversity and inclusion that uses combined strengths as its greatest competitive advantage.

Professionals in its member firms support clients by speaking their language and serving as their eyes and ears from a business, regulatory, and tax perspective — so they can help them cross borders confidently and efficiently.

Getting Started

The European Union's financial ecosystem is evolving to embrace innovation while safeguarding stability — and the Markets in Crypto-Assets Regulation (MiCA) is at the heart of this transformation. The regulation introduces a clear and harmonised framework for both crypto-asset issuers and service providers, making it the new standard for compliance across Europe.

For businesses providing crypto-asset services — whether offering trading platforms, custody services, or exchange functionalities — securing a Crypto-Asset Service Provider (CASP) licence is now essential to operate legally within the EU.

At CLA Malta, we guide you through every step of the licensing process. Our team of experienced advisors and legal professionals ensures your application meets all technical, financial, and regulatory expectations. From crafting your business plan to drafting internal compliance policies, we help you build a strong foundation for sustainable growth in the crypto-asset industry.

Navigating the complexities of MiCA is no longer optional — it's a necessity. With CLA Malta by your side, you gain a trusted partner dedicated to ensuring your business is ready to succeed in this regulated landscape.

CASP License Applications Services

The MiCA regulation sets the gold standard for crypto-asset service providers (CASPs) operating across the EU. CLA Malta guides you through the entire licensing process, from initial application to final approval.

Understanding CASP License Classes

MiCA categorises crypto service providers into three classes:

Class 1

Basic services like order execution and crypto advice

Execution of orders on behalf of clients, placing of crypto-assets, providing transfer services for crypto-assets on behalf of clients, reception and transmission of orders for crypto-assets on behalf of clients, providing advice on crypto-assets; and/or providing portfolio management on crypto-assets

Class 2

Includes Class 1 services and the below

Providing custody and administration of crypto-assets on behalf of clients, exchange of crypto-assets for funds; and/or exchange of crypto-assets for other crypto-assets.

Class 3

Encompasses Class 2 and the below

Operation of a trading platform for crypto-assets.

We help you assess your business model and apply for the correct licence class – ensuring all application components meet MFSA's requirements.
